

Course Objectives and Outcomes

1. How well did the lecturer clarify the objectives of this course?

2. How well have you understood the essential content of this course?

3. To what extent could you apply the knowledge gained in this course when working on problems and assignments?

4. To what extent could you develop competencies above and beyond the subject content (e.g. group work, presentations)?

5. How would you evaluate your overall learning progress in this course?
